EXPERIENCE

Front-End Developer | Hotels at Home: 9/17- Present - Fairfield, NJ

Part of a team of designers & developers that work to create and maintain multi-language, multi-region ecommerce websites for a variety of hotels' online retail presence. My duties include:

- Integrating designs, animations, and front-end functionality on our Magento sites
- Working with our international teams to maintain our EU sites & migrate new designs & features
- Writing clear documentation for our processes and procedures
- Assisting new FE developers with learning our processes and reviewing their' code

Front-End Developer | Puttytribe: 11/16- 3/17 - Remote

Worked as lead front end developer on the platform conversion team as we moved the community away from Ning and onto a custom built solution using Wordpress and Discourse.

EDUCATION & CERTIFICATES

freeCodeCamp - Remote

Front End Libraries Certification (2019)

JavaScript Algorithms and Data Structures Certification (2018)

Sussex County Community College - Newton, NJ

Certificate of Achievement in Graphic Design (2014)
